

Radiation Oncology

At St. Clare Hospital

*Through our exceptional healthcare services,
we reveal the healing presence of God.*

We're here for you . . .

When a person is first diagnosed with cancer, it can bring on a flood of emotions for themselves and their loved ones. At St. Clare Radiation Oncology department we are committed to giving exceptional care. Our goal is to treat the disease, along with giving support and care of the patient and their loved ones.

Our St. Clare team of exceptional employees is here to meet your medical needs and someone is always available to answer any questions you may have and help ease anxieties. Here at St. Clare you will meet these exceptional staff members to help guide and support you during your treatment visits.

Meet your Radiation Oncologist

We work closely with Turville Bay Radiation Oncology Center in Madison whose physicians include two Radiation Oncologists that work as a team regarding your care and planning. You will have a primary Radiation Oncologist with the support of his partner.

Your Customized Treatment

Radiation treatments are tailored to each individual and in order to meet the specific needs of each patient the process involves several components; including

- consultation
- simulation
- treatment planning and individualized treatment.
